## The Take-It-Everywhere Outdoor Wireless Speaker

You'll be the life of every event when you show up with your OutCast Jr. in hand. This powerful, yet compact and portable wireless music system delivers multi-directional performance sound via long-range, interference-free wireless transmission<sup>1</sup>. And, take it wherever and whenever as its battery powered and rechargeable.

The OutCast Jr. wireless music system will quickly become a most valuable player for the entire family – as they'll enjoy performance sound in the yard, patio, park, beach, poolside, workout room, and even at the next stadium tailgate party!

The party-is-on anywhere and anytime you and your Outcast Jr. arrive. Soundcast's superior wireless technology ensures clean, pure and uninterrupted sound.

**SOUNDCAST®**
